

When considering donating an in-kind gift to The Homeless Families Foundation (HFF), ask yourself this question: Is this item in good enough condition for my child or family? If the answer is YES, then it is in good enough condition for the children and families HFF serves. When we give our best, we are saying with our donation, “you are valuable”

HFF is in need of these everyday items to help our families make their house a home:

**(All items should be new or very gently used)**
